

ADJUSTMENT TO THE FUEL SURCHARGE

Dear Valued Business Partner,

09 March 2026

In light of the recent developments and fluctuations in global fuel prices, we wish to inform you that an adjustment to the fuel surcharge (YQ) will be applied to all Malaysia Airlines tickets issued on or after this date. This adjustment will be implemented in two (2) stages.

Phase 1 : Effective from 11th March 2026
: Applicable to **all Points of Sale (POS)** except Japan, Korea, Taiwan, Hong Kong and the Philippines.

Phase 2 : Effective from 25th March 2026
: Applicable to **Japan, Korea, Taiwan, Hong Kong and the Philippines.**

The adjustment is necessary to help mitigate the impact of rising fuel costs while ensuring we continue to deliver the service quality, reliability, and network connectivity our partners and customers expect from **Malaysia Airlines**.

Rest assured that our operations remain fully intact, with flights to and from Europe and across our global network continuing to perform with strong operational reliability. Safety remains our highest priority, and we remain firmly committed to maintaining the standards that define the Malaysia Airlines experience.

At the same time, we continue to support the travel needs of our partners and the wider business community by enhancing connectivity and adding frequencies across key markets where possible. Our teams remain ready to work closely with you to ensure your customers continue to enjoy seamless journeys and dependable service across our network

We sincerely appreciate your continued support and partnership with Malaysia Airlines. Should you require any clarification, please do not hesitate to contact your respective Account Manager.

Thank you.

Syazwan Ahmad Sabri
Head, Airlines Global Sales
