

## FURTHER ADJUSTMENT TO THE FUEL SURCHARGE

Dear Valued Business Partner,

03 April 2026

In light of the continuous fluctuations in global fuel prices, we wish to inform you that further adjustment to the fuel surcharge (YQ) will be applied to all Malaysia Airlines tickets issued on the 14<sup>th</sup> April 2026 and beyond. This adjustment will be implemented in two (2) stages as per the below details.

Phase 1 : Effective from 14<sup>th</sup> April 2026  
: Applicable to **all Points of Sale (POS)** except the Philippines and Korea

Phase 2 : Effective from 01<sup>st</sup> May 2026  
: Applicable to the **Philippines and Korea**

The adjustment is necessary to help mitigate the impact of rising fuel costs while ensuring we continue to deliver the service quality, reliability, and network connectivity our partners and customers expect from **Malaysia Airlines**.

Rest assured that our operations remain fully intact, with flights to and from Europe and across our global network continuing to perform with strong operational reliability. Safety remains our highest priority, and we remain firmly committed to maintaining the standards that define the Malaysia Airlines experience.

At the same time, we continue to support the travel needs of our partners and the wider business community by enhancing connectivity and adding frequencies across key markets where possible. Our teams remain ready to work closely with you to ensure your customers continue to enjoy seamless journeys and dependable service across our network

We sincerely appreciate your continued support and partnership with Malaysia Airlines. Should you require any clarification, please do not hesitate to contact your respective Account Manager.

Thank you.

Syazwan Ahmad Sabri  
Head, Airlines Global Sales
